Mr. G. M. West

St Andrews Bay - Fla.

Dear Mr. West -

I have often thought of you
and from time to time have
had it in my mind to write
to you and ask how you are
also for Mr W. F. Look whom I
have heard is associated with you
in Railroad business - I should
be so glad to see you again
and to have such a trip as
we had together once in your
launch - at St Andrews - If
at any time you have a
few moments to spare I would
be delighted to hear from you
and have you tell me all
about the changes in your
town, since I was there -
What kind of a R. R. have you
and what is its length and

is business good - I don't suppose you have any work trains to run and load this same as I did, on the Penn. Div. I have been a traveling salesman for Crackers & Candy ever since I left Escanaba and am on the road all the time, getting \$1,500 per month and expenses have been with the over firm ever since I left Michigan get home to Portland every Saturday night, like it fairly well, but still have the old feeling of wanting to run a train again - See Bob McQuart quite often, he lives about 7 miles from me on the other side of the city - Jas Morrell and wife came through our city about 3 or 4 years ago and I recd. a call from them and took them for an auto ride - Bert Young and wife called on us a year

or more ago - I hear from
Mr A. H. Ralph Secretary of the
Masonic Lodge, to whom I send
my dues, occasionally -

I hope you can find time to
write me sometime and
tell me all about Florida
as it is now. How many
trains do you run and
would you please send me
a time card? How are
the state and county roads
there? I am quite an
autoist and much
interested in good roads

Yours truly
Geo. Pillsbury
